

2022-23 Language Society Teachers and Classes

Gathering information on Teachers and Classes to be offered by 3M Language Society in 2022-23.

Please complete if you intend to teach a class for this academic year. If multiple teachers are co-teaching a class, each should complete this survey but indicating the same class level and day of the week.

We will plan assuming that all classes will continue to be virtual.

In order to bring some uniformity to the indication of the level of the different classes, instead of asking what level class you are teaching (e.g. Beginning, Intermediate, etc.), we are asking for the skill level that you expect of the students who would enroll using the CEFR (Common European Framework of Reference) system. You can find a description of these levels at:

<https://www.coe.int/en/web/common-european-framework-reference-languages/table-1-cefr-3.3-common-reference-levels-global-scale>

and a student self-assessment grid at:

Also, I frequently receive questions from potential students asking about the different class offerings in a given language. It would be very helpful to have a teacher in each language to whom I could direct such questions. This would require that that person have some familiarity with the classes offered by others in their language. I have added a question about whether you would be willing to take on that role in your language.
